

Dear North Creek Homeowners

We know that many of you have submitted requests for installing the Govee lights and are awaiting a final decision. The ACC committee, as well as the property manager (Lindsay), discussed and are providing the following guidelines.

The installation of the Govee must meet the following guidelines:

1. The light wiring must match the soffit for it to remain after the holiday season.
2. If the light wiring **doesn't match the soffit of your home, it must be removed after the holiday season** within 15 days. (@Lindsay can you verify the dates proposed?)
3. Any extension cord used to power the lights must not be visible/dangling.

Homeowners with installed lights whose installation fails (starts to fall/becomes detached) will be given a written notice to become compliant within 15 days to repair/remove before fine is issued. (@Lindsay can you verify the dates proposed?)

Homeowners are required to provide pictures/diagrams of planned installation with submission of request.
